***521 between Little Lever and Farnworth** - due to the railway bridge collapse at Bolton Road, Moses Gate, bus 521 will not be operating between Little Lever and Farnworth Bus Station (via Moses Gate) in both directions. The diversion to avoid Moses Gate to get to Little Lever is simply too long to keep the bus running on time. We sincerely apologise for this and we will resume running the full route through Moses Gate to Little Lever as soon as the bridge is rebuilt and the road is reopened. In the meantime, please get in touch with **Transport for Greater Manchester** using the details below to check progress on the repair works to the bridge, and check our website and social media pages (or give us a call) for updates on the 521 bus.
